

BIG BANKS ARE FUNDING CLIMATE CHANGE!

Since 2015, Canadian banks have invested more than **\$482 million** in the fossil fuel industry.

Scan the QR code for more information about banks, the climate crisis, and what you can do to help!!

Big banks are funneling billions of dollars into the fossil fuel industry. In a world raw from the extensive effects of the ever-worsening climate crisis, the last thing we need is for the already problematic fossil fuel industry to keep growing. But that's precisely what it's doing — and Canada's biggest banks are fueling its expansion with your money!

The Canadian Culprits
